Legionnaires Elect Fred Nelson 2019-2020 Department Commander

Fred Nelson of Spearfish was elected as the State Commander of The American Legion Department of South Dakota by delegates attending the 101st Annual State Convention of The American Legion in Sioux Falls on Sunday, June 9th. Nelson was nominated by Larry Price of Redfield, and his nomination was seconded by Ron Schuttler of Spearfish. The American Legion is the largest wartime veteran service organization in South Dakota with over 18,000 members serving in 240 local American Legion Posts across the state.

Nelson graduated from High School in Spearfish, SD, in 1981. At the age of 17, he enlisted in the U.S. Air Force and served as an aircraft crew chief and later as an Air Training Command instructor.

Nelson is a 21-year continuous member of The American Legion and is currently a member of The Spearfish American Legion Post #164 in Spearfish, SD. Nelson is a life member of The American Legion and the Disabled American Veterans and is a member of the Air Force Sergeants Association.

Fred is married to his wife Micheline and between them they have 5 children and 9 grandchildren. Fred and Micheline reside in Spearfish, SD. Micheline serves as President of the Spearfish American Legion Auxiliary and as the department newsletter editor.

On Thursday, June 6th, the state convention activities kicked off with a meeting of the Department Finance Committee where Department Finance Officer Gary Wolkow briefed the Department Finance Committee on the status of the current budget and following their meeting, the Department Executive Committee met in the Spearfish Convention Center. Public Relations/Media Committee held their joint meeting.

On Friday morning, June 7, the Convention Resolutions Committee, led by committee chairman Fred Nelson of Watertown, met to assign resolutions to the various convention committees. This year, the Convention Resolutions Committee referred a total of five resolutions to the convention committees. All nine Convention Committees met early in the afternoon to act on any resolutions assigned to their respective convention committees.

The South Dakota American Legion Press Association (SDALPA) held their annual luncheon and business meeting at the Sioux Falls Convention Center. Chairmen Don St. Haubrich, of Sioux Falls, and President, Harold Butler of Sioux City, SD, was elected to serve as the SDALPA President in 2019-2020.

On Friday evening, the Go-Getters Smorgasbord was held at the Point and as always, the event was very well attended by the Go-Getters and everyone had a great time. The unique setting gave everyone a chance to mingle and learn a new fact or two. Again this year, a “fun auction” was held and the proceeds were $7,260. An auction highlight this year was the auctioning off of haircuts and shaves for Darryl Barry of Sturgis and Department Judge Advocate Gary Schumacher of De Smet. Their cuts alone raised $1,293 during the evening.

The convention fun auction continues to grow and gets more exciting each year. The items donated for the fun auction are top quality and very desirable for the bidders. Everyone attending the fun auction had a great time and the winning bidders were happy to take home their treasures.

The General Session of the Department Convention opened on Saturday morning, June 8th, following a mini-concert by the South Dakota American Legion Band.

The American Legion Riders from Black Hills Chapter #164 performed the POW/MIA Ceremony.

Several dignitaries brought greetings to the Convention including Governor Kristi Noem; South Dakota Representative Dusty Johnson; Shawn Bohn representing the VA Dakota Regional Office; Brad Richardson, Superintendent of the Michael Fitzmaurice State Veterans Home; and Sgt. M.J. Edman of the American Legion.

The American Legion, American Legion Auxiliary and the Sons of the American Legion Joint Banquet was held on Saturday evening, June 9th, at the Sioux Falls Convention Center. National Commander Candidate of The American Legion, Bill Oxford from the Department of North Carolina, served as the keynote speaker for the Joint Legion, Auxiliary and SAL Banquet.

Elections for department offices were held on Sunday, June 9th. Elected as the two new Department Vice Commanders for 2019-2020 were Kevin Morelo of Blackhawk, SD, who will represent Districts 1 and 2, and Harry Bonner of Castlewood, SD, who will represent Districts 3, 4, 5, 6, 7, and 8. The 2019 State Convention concluded with the election of Fred Nelson, the State Adjutant, as the 2019-2020 State Commander. Nelson will serve a one-year term as Department Commander.

Newly elected Department Commander Nelson was sworn into office and presided over the Department Post Convention Department Executive Committee which met immediately after the adjournment of the State Convention to conduct their Post Convention business which included several department appointments. Thank you to Sioux Falls Post #15 for their hosting of the 2019 State American Legion Convention. Everyone appreciated their hard work and hospitality.

11 Things You Need to Know About the LEGION Act

The American Legion—With President Trump’s signature on the LEGION Act, the extension of the Pufl program to 2019-2020 was extended back to Dec. 7, 1941. The congressionally approved act is a way to honor thousands of veterans who were killed or wounded on duty during periods not previously considered a time of war.

“Finally Congress has acknowledged the service and sacrifice of at least 1,600 veterans who died or were wounded in previously undeclared periods of war,” said American Legion National Judge Advocate Kevin Bartlett.

This new law honors the memories of those veterans while allowing other veterans from those previously undeclared eras to receive all the American Legion benefits they have earned through their service.

Question: How does this change the eligibility requirements for The American Legion?

Answer: The only change is that Congress has reduced the number of eligibility periods from seven to two. They are April 6, 1917, to Nov. 11, 1918, and Dec. 7, 1941, and continuing. No other restrictions are changed.

Question: What’s the impact on veterans who previously were not eligible for American Legion membership?

Answer: Veterans who were honorably discharged but whose service did not fall into the previously defined war era may now join The American Legion immediately. To do so, eligible members may sign up at www.legion.org/join.

Question: I am among the veterans who were not allowed to join previously, so why do you want me now?

Answer: The American Legion’s founding fathers believed, “a veteran is a veteran,” an axiom that has held true throughout the organization’s more than century of service. Some veterans were ineligible to join because of the war eras that were defined by Congress. The recent bill passage and president’s signature changed that.

Question: So how does this differentiate The American Legion from AMVETS?

Answer: The American Legion’s eligibility criteria states that veterans must have served during “wartime.” When Congress decides the U.S. is no longer in a state of war, the Legion’s membership eligibility period will close, while AMVETS will still be open to those who served.

Question: How does this affect the Sons of The American Legion (SAL)?

Answer: The Sons’ eligibility criteria will change along with that of The American Legion. AMVETS, Sons of The American Legion, American Legion Auxiliary and the Sons of the American Legion. The Legion Auxiliary and the Sons of the American Legion. Any son or grandson of a living American Legion member will be able to join the SAL program. (Sons and grandsons of deceased veterans are also eligible.) For example, a veteran who served between 1985 and 1988 previously would not have been eligible. With the extension of the war period, that veteran would immediately be eligible for The American Legion.

Question: What does this mean for veterans who already have joined? The American Legion from AMVETS?

Answer: This follows the same concept as the SAL, as noted previously. Membership in the American Legion Auxiliary is currently open to grandmothers, mothers, sisters, wives, and adopted female descendants of eligible veterans.

Question: How does this affect membership for departments, districts and posts?

Answer: This change opens up American Legion membership to thousands more veterans who likely live in your communities. They may become members immediately.

Question: The current membership applications don’t address the eligibility change. How do we process those members?

Answer: New eligibility materials will be developed and provided as quickly as possible. Until then, it is recommended that prospective members from a previously undocumented war era write “Other Conflicts” in the eligibility date section and send it in to their department with the appropriate due date.

Question: What steps should departments, districts and posts focus on?

Answer: A good first step would be to review all recruiting materials to look for eligibility dates. Information on electronic media (websites, social media channels, etc.) should be changed immediately. It is up to departments to decide on the best way to handle printed materials, while updated ones are being produced.

Question: How does this change the Paid Up For Life program?

Answer: There are no changes to the Pufl program, though the newly eligible members would be able to become PUFILs. To learn more about the program, visit https://www.legion.org/pulf.

Question: Who can I contact for more information about this change as it applies to membership and recruiting?

Answer: Contact the national membership Division. Visit this web page to find the representative in your state. https://www.legion.org/membership/contacts
“Carry on the Legacy”
Fred Nelson
State Commander

Thank you, Legionnaires, for entrusting me to serve as your State Commander of the South Dakota American Legion, for 2019-2020. I am truly honored and plan to dedicate my year to “Carry on the Legacy” into the new centennial. I chose this motto as we face the challenge to embrace the needs of our various generations of Veterans. I plan to carry on the legacy shared by my father, Niels Nelson, WWII Veteran, Pacific Theater, a 60-plus year American Legion member, to the youth that is our new generation of Veterans and their families.

I have only been your State Commander for a few weeks at the time of writing this article and have already added 6,000 miles to the odometer of the department vehicle; that is without leaving the borders of South Dakota. I traveled to Sioux Falls multiple times, Buffalo, Garretson, Salem, Rapid City, Hot Springs, Pierre, Madison, Eureka, and Dell Rapids. I dedicate my commitment to the position by answering as many engagements as time and schedule allow from attending department meetings, giving the American Legion greetings at the VFW State Convention, helping with the Youth Trooper Academy graduation, serving as parade Grand Marshall, participating in Posts’ centennial celebrations, paying respect to those called on their last journey, and attending the ALA President’s homecoming, to name just a few.

Have you watched “Legion on the Road?” As I travel, I am creating videos with fellow Legion family members to keep everyone up to date. These videos are posted on our department Facebook page at https://www.facebook.com/sdamericanlegion and later, I intend on posting them on our YouTube. These videos are receiving thousands of views and are getting the word out about our South Dakota American Legion Family.

My Homecoming took place in Spearfish in late June. I am grateful for the support of the Spearfish Post 164 American Legion Family and all those who traveled and attended. It was a great day to socialize with fellow American Legion members and family.

I identified three missions for the coming year. They include strengthening “Public & Media Relations”, providing “Membership & Training”, and focusing on “Membership”. Ed Stringer is this year’s membership chairman. Soon, he will unveil his plan to reach his goal “Membership is strength, let’s get stronger!” We’re going to continue the forward momentum that our department members accomplished last year. Members of the executive committee have again been challenged to recruit three new members.

At the Department Executive Committee meeting, we discussed the future of the American Legion in South Dakota. I briefed the committee on the three missions and also challenged those district commanders that haven’t completed the “new” American Legion Basic Training offered online, at no cost, on the National American Legion webpage, to complete the course.

I look forward to future travels to the National Membership Workshop, the National Convention, all Fall District Meetings, and other events across the state.

Carry on the Legacy,
Fred Nelson
Department Commander

2019 Boys State Election Results

2020 is looking very positive for our membership. The 2019 membership year saw a stable membership compared to previous years with a significant improvement in Posts attaining 100% membership. Working together as a team, our Department can grow and achieve more!

Department Adjutant’s Thoughts
Travis Flisrand
State Adjutant

Every Legion member started their time in the armed forces with the same core training. Boot Camp. This initial training phase taught all of us how “one” service was organized/operated, chain of command and most importantly teamwork. Some of us learned these lessons quickly but a lot of us needed that extra effort from the instructors. Looking at the basics of our organization from time is time is needed to refocus our attention on the mission.

As State Adjutant I feel that Posts seem to be daily phone calls asking for information from new members in leadership positions or from those who have sat in every seat and have overlooked some of those core lessons they learned decades ago. Most of the time, the answers are usually within their grasp in the Officers Guide, Adjutants manual or the Constitution and By-Laws of The American Legion. Training and education of our membership can keep our focus and efforts towards the mission of The American Legion.

The National American Legion has invested time and resources in developing training courses designed to give members the core information of our pillars and the programs that support the pillars. The “Basic Training” course offered on the National website is free to all members and is the primary training all membership should start with. You can access the course through this link https://www.legion.org/alei. Posts are challenged to have all officers complete this course this year and Department Commander Fred Nelson has challenged the leadership of the organization to complete this course.

More training videos are on the training page of the national website that are great tools, they can be found here: https://www.legion.org/training.

The second topic I would like to cover with my column is teamwork and collaboration between Posts and County organizations. I have observed that the counties with active organizations/meetings have been some of the more successful Posts in the state. The ability to communicate on what each Post is doing and working together on larger projects increases the American Legion presence and has a direct impact in support from the communities to those Posts.

Not only does it increase resources available but the camaraderie in that county between Posts is looked forward to by those who attend meetings. County Commanders are encouraged to develop active County Organizations if they have multiple Posts, meetings do not need to be held monthly and can rotate locations between Posts. It might be something to look into as a way to pool resources if you do not already do it.

2020 is looking very positive for our membership. The 2019 membership year saw a stable membership compared to previous years with a significant improvement in Posts attaining 100% membership. Working together as a team, our Department can grow and achieve more!

For God and Country,
Travis Flisrand

Department Service Officer

Greetings Legionnaires!

Getting ready to attend the Department Service Officer School in Indianapolis, and I am excited for it. This session will focus primarily on winning appeals, and I look forward to bringing that information home. Also attending the school with me will be Kevin Bowen, one of the State Field Officers, whose territory covers Brown, Marshall, Day, Spink, Clark, Hyde, Hand, Beadle, Sanborn, Jerauld, Buffalo, Brule, Aurora, Douglas, Charles Mix and Gregory counties.

In big VA news in the last two months, The Blue Water Navy Vietnam Veterans Act of 2019. The American Legion-supported legislation will extend disability benefits covering medical conditions associated with Agent Orange exposure to those who served on ships off the coast of Vietnam, known as “Blue Water” Navy veterans.

Veterans who served in Vietnam between 1962 and 1975 are presumed to have been exposed to Agent Orange if diagnosed with a medical condition associated with the herbicide, according to the Agent Orange Act of 1991.

Presumptive diseases of exposure to the herbicide include certain cancers, Parkinson’s disease and diabetes. However, this act applied only to veterans who served on land and in Vietnam’s inland waterways. H.R. 299 extends these benefits to any military personnel who served on any vessel during the Vietnam War that came within 12 nautical miles of the coastlines of Vietnam.

H.R. 299 further expands coverage and includes the provision that every veteran exposed to herbicides like Agent Orange should receive the same presumptive benefits. A provision in H.R. 299 states, “A veteran who, during active military, naval, or air service, served offshore of the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975,” will be eligible for disability compensation for presumptive conditions of herbicide exposure. This will allow veterans who fall into that category and whose claims have been denied or held in pending status to gain access to VA medical care for the conditions on the presumptive list.

H.R. 299 will afford spouses of certain veterans whose death was caused by a service-connected disability access to pension benefits. The bill also provides the children of veterans of covered service in Thailand who suffer from spina bifida access to health care, vocational training and rehabilitation, and monetary allowance.

Always here to help,

Courtney VanZanten

**David Booze of Piedmont Selected to Attend National Legion College**

This year, The American Legion Department of South Dakota had five Legionnaires that applied to attend the 2019 National Legion College in Indianapolis, Indiana.

A panel of Post Department Commanders reviewed all five applications during the state convention in Spearfish and recommended David Booze of Piedmont to be the Department’s first choice selection to attend the National Legion College. Also, the Department submitted the application for Eugene Iron Shell, Jr. of Rosebud, SD, the National American Legion College as an attendee. Both applicants qualify under the guidelines for the National Legion College and both applications will be forwarded to the National American Legion College Screening Committee for their consideration.

Each department is allowed one applicant to attend but other applications will be considered and may be accepted by the National American Legion College Screening Committee depending on the number of applicants.

The final selections will be announced by National Headquarters shortly after the conclusion of the 100th annual American Legion National Convention held in Indianapolis August 23-29, 2019.

The 2019 National American Legion College will be a week long, in-depth course of instruction on the American Legion. The college is a combination of lectures, small group workshops, and practical exercises. Students will receive training in leadership, sales and marketing, communication and fund-raising. Focus is on self-taught small group sessions under the supervision of graduate facilitators, national staff members and national officers.

**Gold Star Mothers Sacrificed Too**

Day County woman works for Gold Star recognition

Reprinted with permission by Amanda Fanger
reporter@reporterandfarmer.com

For Carol Gregerson, finding and honoring all of the “Gold Star Mothers” in Day County is a mission that goes back to when she was a child.

Growing up in Waubay, Gregerson saw a blue banner in the window of a woman and one day noted that a gold star had appeared. Sharing with her mom that she thought it was pretty, her mom told her why it was there.

“She told me, ‘She lost her only son in the war. No mother wants a banner like that,’” Gregerson recalls.

A few years later, that story was recalled to Gregerson’s mind. As a member of the American Legion Auxiliary in Waubay, Gregerson decided she wanted to do something to honor any mothers who had suffered the loss of a child in service to the country.

“I just got the idea and ran with it,” she said. “Personally, I think the time is overdue to show tribute to these women for the sacrifice they made.”

Initially, she found six women who had lost sons and who were laid to rest at Waubay-area cemeteries. That Memorial Day, when she gave a speech at the program, she was informed she’d missed a few.

Eleven, to be exact.

Armed with those 17 names, Gregerson went to Kevin Bohn at the Day County Veterans Service Office to see how these women’s graves could be marked to honor them. When Bohn found out about Gregerson’s project, he encouraged her to expand her search to the entire county.

Since then, she’s discovered even more. The list is now at more than 80 names.

And those are just the names that she knows of at this time.

“If any names have been forgotten, I want to know about them,” Gregerson said. “We don’t know (how many). The more we look, the more we find.”

Well here we go again, with someone new bringing up a subject that a lot of people do not want to discuss. (MEMBERSHIP) As a volunteer in The American Legion, you all have to ask the question, HOW CAN I HELP THIS GREAT ORGANIZATION GROW STRONGER? Strength in numbers has been a large part of all the different military branches we served in. We all joined The American Legion for one reason or another. WHY DID YOU JOIN? I joined because of all the programs we sponsor and support. As YOUR new membership chairman, I am going to ask for all the help you can give. We have to be a TEAM. (Together Everyone Achieves More) I have the task, with your help of finding a way to make our organization grow. The only way that can happen is with the help of every member. I have been told by more than one Legion Member, (I have been there and done that). I ask each of you to do it again. I can not do it without your help. Let’s make this a year to remember in positive way. I will try to keep up with the schedules of events and let you know what is happening in as many areas as I can.

These are just some of the places and dates that we can set up Information tables at. I use the term Information rather than Recruiting table, because the word Recruiting makes some people shy away. We can not make our goal without this being a TEAM effort. Even having Four Gold Brigadiers last year we fell short, and that alone was in excess of two hundred members. Four or Five people are not what we need to get the job done. We need 15,000 plus members working on this. Two or three people setting up an information table at the above listed locations on a regular basis would get the point across that we are a serious organization doing the right thing.

When setting up a table and telling our story, have information hand outs to back up what you are telling potential members about our programs. If you do not have the hand outs, let Headquarters and or me know and we will get them to you. Any community event we can make ourselves known at will be good advertising for The American Legion. City wide garage sales, set up a table, Fairs, Ball games, Talk to your city council and see what is happening and if you set up a table. A card table is all you need.

**Suggestions for a table:**

Keep all material in separate piles and neat. Put up a banner or Legion Flag at the table to let people know who you are. Some of the handouts to put on a table are: Why You Should Belong, Boys State, Youth Trooper, Oratorical Contest (potential 18,000 dollar scholarship), Baseball (started in Milbank South Dakota), Sons Of The American Legion, Legion Riders, Operation Comfort Warriors, MEMBERSHIP APPLICATIONS (you need them to sign up new members), Legionnaires Insurance Trust Information ($5,000 possible). Make a sign telling people where their money goes when they join. Take some of your old Legion magazines for them to look at and see what is going on elsewhere in the Legion.

**VBOC of the Dakotas Assists Vets with Entrepreneurship**

Grand Forks, ND—You or someone in your household likely owns or works for a small business. With the latest census data showing over 99% of businesses in this country having 500 or fewer workers, you get an idea of just how many entrepreneurs there are in America. Whether a person is just getting started with their idea, looking to grow their business, or ready to retire and sell the company, a Veterans Business Outreach Center (VBOC) is here to help.

The mission of VBOC of the Dakotas is to provide entrepreneurial development services such as business training, counseling and mentoring, as well as referrals for eligible veterans owning or considering starting a small business. The VBOC program has assisted service members, veterans and spouses across the country for several years. In 2018, the program coverage areas were restructured and VBOC of the Dakotas, serving North and South Dakota, began when the grant was awarded to the University of North Dakota. At the helm is Wendy Klug, program manager, with teaching, small business ownership and business advising included in her rich work history.

“We are excited to serve individuals on active duty, veterans of any era, and their spouses across the states of North and South Dakota,” says Klug. “And, as an SBA program, we are connected with several other resource partners that can assist you at any step in your journey – for free!”

The VBOC’s primary focus is training workshops in the forms of Boots to Business, held on military installations, and Boots to Business Reboot, held off installations. Boots to Business and Boots to Business Reboot both provide participants with an overview of business ownership as a career vocation, an orientation to the components of a business plan, a practical exercise in opportunity recognition, and an introduction to available public and private sector resources.

In addition to these federally structured training events, VBOC of the Dakotas has offered shorter sessions on topics such as social media and marketing as well as providing free and confidential one-on-one advising. Clients can come to the Grand Forks office for a face-to-face meeting, or conduct their sessions over the phone or via web conference.

“For Klug, the reward for a job well done is seeing the success of those the program assists. “We love to see our training attendees and clients succeed and start their business to reach their dreams. It’s so rewarding to serve those that have served us and give them a helping hand in this next chapter.”

VBOC of the Dakotas is managed through the Center for Business Engagement & Development a part of the UND College of Business & Public Administration. The Center also oversees the ND Small Business Development Centers and the ND Procurement Technical Assistance Center.

If you are interested in attending a training workshop, registering for advising services, or reading our client success stories, please visit the VBOC of the Dakotas website at [www.UND.edu/dakotaSVBOC](http://www.UND.edu/dakotaSVBOC) to get started.

Good Samaritan of the Year

The 2019 Good Samaritan of the Year is Bill Tillson of Chester, SD. Bill is a longtime resident of Chester, and well known around the community for always being around to help. Bill has logged over 4800 hours of community service in town, helping out at every high school event from basketball games to band concerts. He helps set up and tear down at Legion events, and is often found at the local fire hall. Bill makes sure every vehicle in the fleet is clean and ready to go for the next call. Bill rides his bike around town, and is quick to greet everyone he meets with a smile. He is the go-to on knowing where anything in town is, and is often called upon for that knowledge. Bill is special needs, but it certainly doesn’t slow him down. And while Chester has certainly taken Bill in with open arms, Bill has definitely returned the favor with a lot of time and love.

Greetings American Legion Family.

It was so good to see everyone at Commander Fred Nelson’s Homecoming in Spearfish. It always gives me a good feeling in my heart to see all the dedicated American Legion Family come together for the good of our Country and our Veterans.

The gift of our American Legion History was passed on again at the 101st Annual Department Convention in Sioux Falls when Past Commander Danny Branbird passed the keys to Commander Fred Nelson. My prayer is this: May God richly bless our leadership for the next one hundred years, and may all who serve the South Dakota American Legion light the path of freedom and build on the legacy of our first one hundred years. Jesus tells us in His words in the Bible. “I tell you the truth, anything you did for even the least of my people, you also did for me.” (Matthew 25:40) As I am writing this article today on June 20th, 2019, I am reminded of our legacy from 50 years ago. The 50th Anniversary A the Lunar Landing of Apollo 11. That was an awesome achievement for the United States of America. I had just graduated from Mobridge High School that year 1969 and hired out on the Milwaukee Railcar of Milwaukee, Wisconsin. I was glued to the TV and while I was watching the Lunar landing of Apollo 11 and the words from Neil Armstrong, “That’s one small step for man, one giant leap for mankind”. How can you forget that awesome event in our legacy as Americans. I have to say that God was with us that day in our Legacy of American History—because the story of the Apollo 11 was much more than what we had seen on TV that day.

Holy Communion was taken on the surface of the moon. Apollo 11 astronaut Edwin “Buzz” Aldrin reveals that the first liquid poured and the first food eaten on the moon were communion elements. They wanted to express their feelings what man was doing in this mission. “I am the vine, you are the branches. Whoever remains in me, and I in him, will bear much fruit; for you can do nothing without me.” John 15:5 (TEV) God reveals Himself in the common elements of every day life. The elements are bread and wine common foods in Bible days and typical products of man’s labor.

We can learn from our forefathers legacy; when we put God first in all our affairs in our life, God takes awesome care of His people, Amen. Hebrews 10:24-25 “And let us consider how we may spur one another toward love and good deeds. 25Let us not give up meeting together, as some are in the habit of doing, but let us encourage one another—and all the more as you see the Day approaching.” I will be praying for our leadership and all our American Legion Family.

With Love, Respect, and Comradeship,
